

A warm welcome to Juniper Annesley

From its charming bungalow façade and modern light-filled interior to tranquil native gardens that come into view from almost every window, Juniper Annesley oozes a warm, inviting ambience that feels just like home.

Located within Juniper's sought-after Rowethorpe community in Bentley, Annesley features a mix of spacious open-plan communal areas and private rooms that are available for residents and their families to use at their own leisure.

With a Curtin University Training Centre based on-site, Annesley residents are regularly engaged in intergenerational sessions with nursing and allied health students.

A big focus on lifestyle therapy means residents have the choice to be engaged in wide range of daily activities from exercise classes, board games and music concerts to bus outings and special events celebrating milestones, birthdays and holiday occasions.

Meet Residential Manager

Sue Nelson

With a wealth of experience in the aged care sector, Sue joined Juniper 18 years ago, starting out as a carer where she completed her Certificate IV in Aged Care then later stepping into the role of Residential Manager at a previous Juniper home.

Having been the Residential Manager at Annesley for the past two years, Sue believes the home's biggest point of difference is her team of kind, compassionate staff who go above and beyond to meet the needs of each resident.

During her time at Juniper, Sue has realised her passion for working with older people, and has found a sense of fulfilment working in aged care.
