

A warm welcome to Juniper Cygnet

Juniper Cygnet is a warm and welcoming residential aged care home dedicated solely to the unique requirements of persons living with dementia.

Residents are free to enjoy the beloved sensory gardens, the secret garden, and the friendly pet chickens and birds thanks to the open-plan layout. The home is conveniently located at Juniper Rowethorpe, allowing families to access the various community amenities while spending time with their loved ones.

Residents can utilise the in-home gym and participate in lifestyle and therapeutic activities. Families are invited to spend time together in the cosy coffee area or participate in our activities.

Rowethorpe Campus

Juniper Rowethorpe is a leafy, quiet and spacious multi-service campus offering wrap-around support with four Residential Aged Care homes, Transitional Care, Retirement Living and Home and Community Care. The safe and vibrant community has been designed so residents are able to connect with each other, family and friends with an on-site café, children's playground and large community centre.

The DINE Experience

At Juniper, we believe food is one of life's greatest pleasures and serving nutritious, wholesome meals is the key to supporting our residents to live their best life. Each resident enjoys food from our DINE (Dignity In Nutritional Excellence) initiative, cooked at our on-site Catering Centre by our team of qualified chefs using quality, locally-sourced ingredients.

"The staff here are just lovely, and they look after my Nanna so well."

– Tina Pickford, resident's family
