

# A warm welcome to Juniper John Bryant

**A comfortable and homely atmosphere surrounds residents of Juniper John Bryant. With just 42 rooms, the small home has three houses across a single-storey, with each house benefitting from its own dining space and communal areas.**

A smaller home enables the residents to become familiar and comfortable with their surroundings quicker when arriving.

With a focus on excellence in dementia-enabled care and greater care needs, residents are free to access all around the home and the many courtyards and gardens, as well as the seating nooks scattered around the home.

Residents can choose to take part in the active lifestyle calendar of activities, with a large activity space playing host to a range of activities from group exercise like balloon hockey to art and craft to concerts.

Residents are welcome to freely personalise their large private room with ensuite to make it feel just right.

## The DINE Experience

At Juniper, we believe food is one of life's greatest pleasures, and serving wholesome, nutritious meals is the key to supporting our residents to live their best life. Each resident enjoys food from our DINE (Dignity In Nutritional Excellence) initiative. Our seasonally-driven menus are designed by our chefs and prepared daily at our on-site kitchen using local, quality ingredients.

**“It is not easy giving up your love to a residential aged care home, but I have won the lotto with Juniper John Bryant. They are kind and caring, and always offer us both so much support.” – Brian Ridge, resident’s family**

## Meet Residential Manager

### Travis Hann

Travis brings two decades of aged care experience to Juniper John Bryant, having previously worked in a variety of roles from Carer and Enrolled Nurse to Residential Manager and quality assessor.

An Enrolled Nurse, Travis has extensive experience in working with older people living with dementia, as well as mental health.

Driven by Juniper values of welcome, compassion and respect, Travis is deeply committed to ensuring all his residents at John Bryant live their best life.

As a leader, Travis empowers his staff to deliver high quality person-centred care that meets the current and changing needs of each resident.

Outside work, Travis is a gardening enthusiast who loves spending time at the beach.
