## Juniper and Bowls WA join forces

Juniper has joined forces with Bowls WA to enhance community well-being, inclusivity, and social connections through the sport of lawn bowls.

Partnering with Bowls WA is not just about lawn bowls; it's about exercise, social connections, and inclusivity for all abilities."

The partnership is a testament to both organisations' shared commitment to adding value to local communities so seniors can lead a fulfilled life.

Juniper Chief Executive Officer Russell Bricknell said it was important Juniper was part of the communities in which it operates and contributed to connecting customers with their local community.

"Partnering with Bowls WA is not just about lawn bowls; it's about exercise, social connections, and inclusivity for all abilities. We understand the impact of community-based activities and we are excited to support Bowls WA in their mission to foster vibrant, active, and engaged communities," Russell said.

"Social isolation is a major issue for many older Western Australians. We want to combat that by providing opportunities for our customers to connect to the local community if they choose. Your local bowl-o, whether you take a roll or simply come down to watch and chat, can be a fantastic place to connect with others in the local community."

Bowls WA CEO Ken Pride said he was thrilled about the partnership as local bowling clubs play a vital role for seniors in the community.

"Bowls clubs are the heart and soul of our communities. Many of them are powered by dedicated volunteers, providing a sense of belonging and purpose," Ken said.
