

# A warm welcome to Juniper Bethavon

With the warmth and comfort of home, Juniper Bethavon welcomes residents with a homely atmosphere and community feel.

With just 33 private rooms with their own ensuites and direct access to a courtyard or garden, the small home offers plenty of outdoor areas, lounges, dining room and large activity space for those that choose to join in on the daily social calendar of events and activities. Residents can also choose to join bus outings to enjoy a picnic, Northam's cafes or a reminiscence drive throughout the district.

The home takes cue from its country surrounds, with raised garden beds for gardening, chickens, birds and a resident cat.

Juniper Bethavon prides itself on the close relationships built between our long-term staff, residents, and their families, and the local community. Centrally located in Northam, Juniper Bethavon allows residents to continue living close to family and friends and within the community they love.

## The DINE Experience

At Juniper, we believe food is one of life's greatest pleasures, and serving wholesome, nutritious meals is the key to supporting our residents to live their best life.

Each resident enjoys food from our DINE (Dignity In Nutritional Excellence) initiative. Our seasonally-driven menus are designed by our chefs and prepared daily at our on-site kitchen using local, quality ingredients.
