

A warm welcome to Juniper Hilltop

From the moment you walk into Juniper Hilltop you sense it feels like home. With character charm, a vibrant atmosphere and welcoming staff, residents immediately feel they belong to a community.

The home has an active social calendar of events and outings and a therapy program focussed on reablement so residents can remain independent to continue doing what they love in life. Residents are encouraged to provide continual feedback with an active resident committee and regular resident and family meetings.

Residents can freely personalise their rooms to make them feel just right. With an elevated vantage over the Rowethorpe campus, the home enjoys the surrounding greenery and nature while also enjoying connections to the Rowethorpe through regular events at the Community Centre and with the Retirement Living community.

“The compassion I see the staff exercise towards those most in need is just beautiful.”

– Lucy, resident’s family
