

A warm welcome to Juniper Riverslea

Located in the heart of Mount Lawley with sweeping views of the Swan River, Juniper Riverslea carries a warm, homely atmosphere that is backed by a team of experienced, compassionate staff.

An expansive courtyard provides the opportunity to dine or socialise outdoors, while a spacious activity room flanked by a balcony offering panoramic river views is the hub of the home, perfect for hosting gatherings or events.

For a more intimate experience, a cosy day room provides the opportunity for a relaxed get-together or can be a peaceful spot to sit and read.

With a resident cat that lives on site, animal therapy is a regular part of the home's lifestyle therapy activities, with a variety of one-on-one and group sessions to keep residents active and engaged in their own hobbies and interests.

Juniper Riverslea offers both convenient and easy access to the surrounding communities including Maylands and Highgate, with a wide range of local amenities at its doorstep as well as public transport nearby.

The DINE Experience

At Juniper, we believe food is one of life's greatest pleasures, and serving wholesome, nutritious meals is the key to supporting our residents to live their best life.

Each resident enjoys food from our DINE (Dignity In Nutritional Excellence) initiative. Our seasonally-driven menus are designed by our chefs and prepared daily at our on-site kitchen using local, quality ingredients.

“The staff at Riverslea made the extra effort to look after me....they made sure I was involved in all social activities and had good people around me.”

– Gail, Juniper Riverslea resident

Meet Residential Manager

Liz Frehner

A seasoned Registered Nurse with more than two decades experience, Liz Frehner is passionate about working with older people which she channels through her genuine care and compassion for residents.

Liz's love for working in aged care stems from her enjoyment in building relationships with residents and their families.

Liz is a leader of excellent clinical care at Riverslea. Thanks to Liz's passion for delivering clinical education and previous experience as a university lecturer, student nurses regularly engage with residents at Riverslea and have become an important part of social interactions within the home.
