FACT SHEET

A warm welcome to Juniper EACF

Walking into Juniper Esperance Aged Care Facility, you immediately sense it feels like home with deep connections to the local community.

Located close to the Esperance Health Care Campus, the aged care home is a central part of this coastal town, enabling older people to stay close to their family, friends and community. Connections with local community groups benefit residents and make up an important part of the home.

With 104 single rooms, the home is just three blocks back from The Esplanade in a pleasant garden setting. A compassionate and respectful team of staff support residents to continue pursuing their own interests, backed by individualised clinical care.

The DINE Experience

At Juniper, we believe food is one of life's greatest pleasures, and serving wholesome, nutritious meals is the key to supporting our residents to live their best life. Each resident enjoys food from our DINE (Dignity In Nutritional Excellence) initiative. Our seasonally-driven menus are designed by our chefs and prepared daily at our on-site kitchen using local, quality ingredients.

Address:

17 Eyre Street, Esperance WA 6450

Meet Residential Manager

Matt Sheppard

Matt is dedicated to creating an environment that feels just like home. He believes quality age care should look at the whole person, caring for a person's physical, emotional, mental, social, and spiritual wellbeing.

A former chef, he believes "food moments" play an important role in the wellbeing of customers, offering opportunities for choice and connection.

Matt has spent the past seven years working in aged care and is proud of the vital role the aged care home plays in the local community.
